EDUCATION

BUDDHA INSTITUTE OF TECHNOLOGY

B.Tech in Computer Science and Engineering (7.65 CGPA)

CBSE (10+2)

Central Academy Sr Secondary School (82 Percent)

CBSE (10)

Central Academy Sr Secondary School (72 Percent)

Gorakhpur ,Uttar Pradesh

August 2021- May 2025

Gorakhpur ,Uttar Pradesh

April 2020- July2021

Gorakhpur ,Uttar Pradesh

April 2018-July 2019

TECHNICAL SKILL

Programming Languages : C , Java

DBMS : MongoDB

Web Technology : HTML , CSS, JavaScript , React.js ,Next.js , Tailwind, Typescript, Node.js

Miscellaneous : Git , GitLab

PROJECTS

JOB PORTAL--: [Live](#)

Developed a full-stack Online Job Portal using React for the frontend and Express.js for the backend. Integrated Rapida API to fetch and store job listings in the database, and connected the backend services for seamless job retrieval, posting, and management. Built a responsive, efficient, and user-friendly interface to enhance the overall job-search experience.

NOTES--: [Live](#)

Built a responsive notes app using React.js and RESTful APIs with features to create, edit, and delete notes, and implemented user authentication using Node.js, Express.js, and MongoDB.

NEWSIFY--: [Live](#)

Created a responsive news application using React.js with real-time data fetched from a public news API. Focused on building a clean and user-friendly interface with category-based filtering and smooth navigation across devices.

TRAINING

DUCAT Training Institute | 3 Months

Developing and maintaining web applications using MERN stack (MongoDB, Express.js, React.js, Node.js)

Currently working with Next.js to build optimized, server-side rendered, and static web applications

Collaborating with the development team to implement new features and optimize performance

INTERNSHIP

Full Stack Web Development

Mobiloitte Technologies — Ongoing

Working on web development using Next.js, React.js, JavaScript ,Typescript, HTML, and CSS.

Land and Homes:

- Developed dynamic and responsive UI pages.
- Integrated RESTful APIs for real-time data handling.
- Performed UI polishing for performance, cross-browser compatibility, and better user experience.

Health2Mama:

- Contributed to dynamic UI development for various screens.
- Integrated APIs to enable smooth data flow and user interactions.
